To whom it may concern
Burapha University,

The purpose of this e-mail is to invite the students of Burapha University to apply to be part of the eleventh edition of the South American Business Forum (SABF).

The South American Business Forum, known as SABF, is an annual conference organized by students from the Instituto Tecnológico de Buenos Aires (ITBA) and for university students. The event gathers 100 university students from all around the world – no matter their chosen course of studies – and 40 prominent international leaders from different areas during August 6th, 7th and 8th 2015. Applications may be sent from February 2nd until May 3rd 2015. In order to attend this event, students must complete a series of steps in which the writing of an essay making reference to this year's main theme: "The Challenge of Inclusion" is included.

Afterwards, a selection will be conducted by an independent jury, composed by professors, business leaders and journalists. This is why, it is of the greatest importance to us to be able to count on all the help and collaboration the universities might provide us, as far as promotion is concerned. Should our event be of your interest, please contact us, we would be more than willing to work together, in order to be able to offer your students the opportunity to be part of this unique experience. Opportunely, we have prepared graphic material and promotional e-mails, you may find useful for this task.

Please, feel free to contact me at students@sabf.org.ar, should any doubt arise. For more information about the SABF, you are more than welcome to visit our official web site: www.sabf.org.ar. In case you were not the person we should contact regarding this matter, we would be grateful if you could point us in the right direction. Thank you very much for your time and attention.
